NAHB Designations

Certified Graduate Remodelor (CGR) is an exclusive professional designation designed to emphasize business management skills as the key to a professional remodeling operation.

Graduate Master Remodelor (GMR) is an exclusive professional designation designed to emphasize business management skills as the key to a professional remodeling operation.

Certified Graduate Builder (CGB) offers an overview of key areas in today's home building industry: business management, financial strategies, marketing techniques, construction technologies, and more.

Certified Graduate Associate (CGA) certificate program offers associate members an opportunity to enhance their knowledge of the fundamentals of the home building industry.

Graduate Master Builder (GMB) courses are more advanced with in-depth instruction geared for experienced building professionals.

Certified Aging-in-Place Specialist (CAPS) Get the technical, business management and customer skills essential to competing in the fastest growing segment of the residential remodeling industry – home modification for the aging in place market.

Certified Green Professional (CGP) recognizes builders, remodelers and other industry professionals who incorporate green building principles into homes— without driving up the cost of construction.
